

CAMBORNE

SINGLE MALT WHISKY

Camborne Single Malt Australian Whisky by The St Agnes Distillery specialises in carefully selected Single Cask Whisky.

The St Agnes Distillery is one of Australia's oldest, continuously run, family owned and operated craft distilleries. With over 110 years of experience practising the fine art of distillation through our historic Copper Pot Stills we demand uncompromising quality whilst nurturing the individual character of our spirit.

Since 1886, Angove Family Winemakers and St Agnes Distillery's reputation has been built on producing high quality apera, grand and rare tawny, wine and brandy. This heritage has resulted in an extensive and diverse oak reserve that is unrivalled across Australia.
