2022 PINOT GRIGIO

SOUTH AUSTRALIA

VINEYARD

Angove Organic Pinot Grigio is a single vineyard wine made from grapes grown in our organically certified Nanya Vineyard, near Paringa South Australia.

Coming off a bumper crop in 2021, we knew that yields from 2022 were going to be down. This was exacerbated by a cool spring, and hailstorms in November. Despite this, the mild summer temperatures, abundant sunshine and lack of rainfall created a perfect harvest season – steady ripening across whites and reds aided fruit intensity and flavour development, while cool nights meant acids remained intact. While yields are down, quality is exceptional, resulting in fantastic wines.

WINEMAKING

Harvested late at night to ensure they are as cool as possible to minimise oxidation, the grapes were then transported to the winery and pressed immediately using modern tank presses. After cold setting the clear juice was carefully transferred to cooled fermentation tanks and inoculated with selected yeasts. Cool fermentation was followed by minimal handling, a light filtration and bottling at the Angove organically certified winery.
